

Dear Valued Customers:

Due to the continuing impact of COVID-19, we believe it is in the best interest of everyone to limit personal interaction, as well as the handling of cash payments, while we all are dealing with the possible exposure to this virus.

It is our top priority to keep our customers' safety and well-being as our main focus during this trying time. In order to implement this safety precaution, we are providing all our companies' contact information for claims, payments and customer service needs, for your convenience in contacting your company directly in order to provide service in the event we become unable to be in-office.

At this time, we will still be available for calls, policy changes, phone quotes, and posting online payments –
